

Safeguarding and Welfare Requirement: Safety and Suitability of Premises, Environment and Equipment

8.6 Animals in the setting

Policy statement

Children learn about the natural world, its animals and other living creatures, as part of the Learning and Development Requirements of the Early Years Foundation Stage. This may include contact with animals, or other living creatures, either in the setting or on visits. We aim to ensure that this is in accordance with sensible hygiene and safety controls.

Procedures

Animals in the setting as pets

- We keep two or three fishes in a fairly large fishtank in Jumblies.
- We provide suitable housing for the animal or creature and ensure this is cleaned out regularly and is kept safely.
- Our staff are knowledgeable of the fishes welfare and dietary needs and ensure that the correct food is offered, at the right times.
- We make arrangements for weekend and holiday care for the fishes.
- If animals or creatures are brought in by visitors to show the children, they are the responsibility of their owner.
- The owner carries out a risk assessment, detailing how the animal or creature is to be handled and how any safety or hygiene issues will be addressed.

Visits to farms

- Before a visit to a farm, we carry out a risk assessment - this may take account of safety factors listed in the farm's own risk assessment, which should be viewed.
- We contact the venue in advance of the visit to ensure that there has been no recent outbreak of E.coli or other infections. If there has been an outbreak, we will review the visit and may decide to postpone it.

- We follow our outings procedure.
- Children wash and dry their hands thoroughly after contact with animals.
- Outdoor footwear worn to visit farms is cleaned of mud and debris as soon as possible on departure and should not be worn indoors.
- We advise staff and volunteers who are, or may be, pregnant to avoid contact with ewes and to consult their GP before the visit.

Legal framework

- The Management of Health and Safety at Work Regulations (1999)

Further guidance

- Health and Safety Regulation...A Short Guide (HSE 2003)
